Business Pulse Survey

Sandoval Economic Alliance launched a Business Pulse survey in partnership with the City of Rio Rancho's Business Community & Economic Recovery Task Force and Sandoval County.

A pulse survey is a quick, short survey that is sent on a regular basis to provide insights on issues and topics that deserve immediate attention, in particular as they relate to business needs during the coronavirus pandemic. We felt it was important to get a sense of how the B2B sector is doing in real time to be more responsive and informed of the challenges and opportunities in the COVID paradigm.

The survey will be sent out via email from Sandoval Economic Alliance's Mailchimp and will be conducted using SurveyMonkey. The survey will be anonymous and results from the survey will be presented in aggregate. The survey is 10 multiple choice questions and will take about 3 minutes to complete.
